INTRODUCTION

- Changes in policy on road pricing are developing around the globe
- Changes are driven by direct factors such as investment needs and indirect factors such as congestion reduction
- Changes don't come without issues
- Today we will explore a number of concepts

THE CONCEPTS

- Shortfalls in infrastructure in Africa
- Dynamic Tolling
- Concessions\public \private partnerships
- Road Pricing in the Netherlands
- Innovative Project Delivery Models

THE U.S: A BRIEF ON EXPERIENCES

- In the U.S we are engaged in all the issues
 - Public\Private partnerships, concessions
 - Road pricing
 - HOT lanes
 - Dynamic procurement methods
